TURN OF FORMER STANDARD BEARER OF DEMOCRACY IN BUCKEYE STATE

Marked by an Official Duty.

Governor Harris Heals a Wound and Names Ex-Governor.

TO CODIFY LAWS

the State as Written in Statutes of Past General Assemblies.

James E. Campbell, named with Laylin and Sibley.

THE COMMISSION.

James E. Campbell, of Milton.

Lewis C. Laylin, secretary of

George H. L. Sibley, of Mar

ambus, O., Dec. 12.—Governor

W. L. Harris has again shown his

advice.

As just named to the state com

mission to codify the laws of Ohio the

honorable, above all others, defeat

congress in his home district.

A curious reminiscence that five

ago Governor Harris was vigor

ously opposing the Third congress

act against Mr. Campbell, who

was the democratic nominee

for the ex-governor. To turn

and bind up the wounds that he

shows that the governor had

no personal feeling in the

gn.

Mr. Harris has named a com

mission of three attorneys. His se

lection: Secretary of State Lewis

James E. Campbell

C. Laylin, of Norwalk, and Judge Hiram L. Sibley, of Marietta, republicans, and former governor James E. Campbell, of Hamilton, democrat. Under the terms of the resolution the commissioners are to receive \$5,000 per annum for their services and are to be allowed \$10,000 for clerk hire and expenses. They are expected to submit the result of their labors to the general assembly which meets in January, 1909.

The selection of Secretary Laylin and Judge Sibley had been discounted the first for months and the latter for several weeks. The appointment of Governor Campbell was therefore left to create the surprise in political and legal circles. His name was never mentioned as a candidate outside of the governor's private councils, and no one knew that he was being considered save a select coterie of devoted friends in both political parties.

In democratic circles the popular belief was that the representative of that party would be George B. Okey, of this city. He had served upon the last codification committee, taking his father's place at his death, and was magnificently endorsed by the bar of the state. Two other strong candi

dates were James A. Rice, of Canton, who was the democratic nominee for attorney general last year, and former Representative C. L. Brumbaugh, formerly of Greenville, but recently a resident of this city.

The former governor and Judge Sibley are veterans of the Civil War, Sibley serving in the army and Campbell in the navy, being a sub-officer on a Mississippi ironclad. Judge Sibley served on the common pleas and circuit court bench, and, like Governor Bob Taylor, of Tennessee, carried his "fiddle" when he traveled circuit, amusing himself and delighting his friends in the evenings after court through his musical skill. He is also very prominent as a lay member of the Methodist Episcopal organization in the state.

The terms of the resolution require that the work of codification shall begin not later than January 1 next. The commission will therefore meet within a few days to effect the preliminaries. It is expected that owing to the close application required the commissioners will make their homes in this city. Secretary Laylin already has a house here, and Governor Campbell's daughter has lived here for many years.

condition of work on the vessel was practical identical with the Louisiana, so far as concerned all matters unconnected with armor and armament. Admiral Capps admits the often-repeated charge that it costs less to build a warship by contract by reason of the shorter hours of labor, paid holidays, vacations, etc., granted to navy yard employees, but he believes that the government should always be prepared to turn out its own ships in time of emergency. The lack of suitable docking facilities at Norfolk and Mare Island is connected upon as being especially embarrassing to the bureau as no battleships of any class can be docked at either of these yards. He recommends the building of an additional dry dock capable of docking the largest vessels at both the Norfolk and Pensacola navy yards, and that provision should be made for enlarging and rebuilding dry dock number 3 at the New York navy yard. The development of the Norfolk navy yard to meet the requirements of a fleet as regards construction and repair, is recommended for special consideration. The appointment of a special board to consider matters relating to the personnel of the corps of naval constructors, the report says, it is in contemplation. While recording the fact that the proportion of deaths and resignation continues to be large, Admiral Capps says that the department's policy of years past in assigning for a special course of instruction graduates of the naval academy of suitable attainments, with a view to their ultimate transfer to the construction corps to fill vacancies, will in time, make the effect of such casualties less serious. The excessive amount of work devolving upon the bureau the admiral adds combined with its limited number of officers has resulted in the gradual impairment of the vitality and in some instances, complete break down of officers whose services were especially valuable.

The report speaks at length of the work upon new and old vessels during the past year, stating that preliminary work has begun upon the designs of the 20,000 ton battleship, authorized

at the last session of congress. Admiral Capps doubts the expediency of repairs to warships on foreign stations, and says that both economy and efficiency will result from carrying out all large repairs of naval vessels within the limits of the United States where ever practicable.

ENORMOUS AMOUNT OF COTTON RAISED.

By Associated Press.
Washington, Dec. 12.—The department of agriculture estimates the total production of cotton in the United States for the present year at 6,001,736,000 pounds, equivalent to 12,546,000 bales of 500 pounds gross weight.

CHESTER GILLETTE TAKEN TO PRISON.

By Associated Press.
Herkimer, N. Y., Dec. 12.—Chester E. Gillette was taken from the jail at 11:15 this forenoon by Sheriff Klock and a deputy, preparatory to starting for Auburn state prison. He was conveyed to the station in a hotel omnibus and was not handcuffed. When the party arrived at the station the train had not yet come in and Gillette was soon surrounded by a crowd of people.

Off to Prison.

Gillette was taken to Auburn on the train leaving here at 11:55 a. m.

FIRE SWEEPS TOWN IN MASSACHUSETTS.

By Associated Press.
Marshall, Mass., Dec. 12.—From early evening until well into this morning the heart of this town was swept by a fire which before it was checked had destroyed ten buildings at a loss roughly estimated from \$75,000 to \$100,000. Owing to the town's lack of fire fighting apparatus or water works and after help from Bedford, Mass., Marlton and Mattapoisett had been driven steadily back, dynamite had to be used twice before the boundaries of the devastated district could be marked out. No lives were lost.

TEN O'CLOCK!

Is as Late an Hour as Copy Can Be Received.

It has been found impossible to take copy for advertising after ten o'clock in the morning and insure its publication upon the same day. The amount of time between that hour and the closing of our forms at 3 o'clock, will not permit an extension of the time of accepting copy.

We have done all that is possible with a battery of three linotypes and a perfecting press, to handle a great deal of composition and make prompt delivery of the Times-Democrat, but the circulation has increased to such a degree that we cannot extend the time of closing our forms at three o'clock and yet cover Lima with our carriers by 5:30 o'clock.

Hence our inability to handle advertising copy after ten o'clock.

CONDITION UNCHANGED.

Washington, Dec. 12.—The condition to former Senator Arthur O. Brown, who is at the emergency hospital suffering from the effects of a bullet wound inflicted by Mrs. Anna Bradley, on Saturday last was reported today to be practically unchanged. The patient passed a fairly comfortable night.

Again the physicians find the ground for hope and they say the crisis will be reached should he survive another 48 hours.

Mrs. Bradley continued to ask for the expedition of her victim and to express the hope that he may recover.

CONDITION UNCHANGED.

GRIMES MAKES IT UP

Returns Shortage to Kansas of Over Nine Thousand Dollars.

CASH WAS NOT STOLEN

Peculiar Case in Which State Official is Financial Loser.

By Associated Press.
Topeka, Kansas, Dec. 12.—F. E. Grimes, former state treasurer, has voluntarily appeared at the state office and delivered the sum of \$9,381 for which amount an investigation committee some time ago held his administration responsible. The shortage was never considered in the light of a defalcation in any sense of the word and resulted from the practice of allowing bond brokers to detach coupons from bonds sold to the state. This had been the rule in the state treasurer's office for many years before and after Mr. Grimes assumed the office. The investigation showed conclusively that Mr. Grimes was not benefited in any way through this practice, therefore in making a payment to the state now of the amount involved he assumed the responsibility at a personal loss to himself. His action closes a case that had become famous. In speaking of the case today Mr. Grimes said:

"In order to avoid a long drawn out suit and feeling under a moral obligation to do so, I have agreed to make settlement with the state of Kansas on the basis of \$9,381. It is the judgment of the attorney general that this is the amount for which my administration as state treasurer should be held responsible.

"I have never had one penny from the state that did not honestly belong to me. I have been the victim of circumstances, because of carelessness, mistakes and unfaithfulness of others and it is a very great hardship for me to have to pay this money, but I would rather have the name of being honest and have the confidence of my friends and the people than any amount of money.

AMERICAN TROOPS DO GOOD FIGHTING.

By Associated Press.
Manila, Dec. 12.—Full reports from the island of Leyte show that the fight on December 5 between the troops and constabulary and a band of Puljanones was an important victory for the government. Four Puljanones leaders were killed, leaving only one important chief at large. The bandits lost 42 killed. Major General Wood has ordered the troops of the Seventh cavalry to participate in the active pursuit.

DAY OF GRACE

Postpones Enforcement of Law One Day.

Tomorrow Comes the Glimmer in Struggle Between Church and State.

SINGLE RAY OF HOPE

Given the French Roman Catholic Church by the Action of an Editor.

Prosecutions are Begun Against Abbes Where Resistance Was Made.

By Associated Press.
Paris, Dec. 12.—The day of grace granted to the churches of Paris in the execution of the law providing for the separation of church and state postponed until tomorrow the measures for its enforcement. The day, however, has only served to increase the excitement caused by the expulsion from France yesterday, of Mgr. Montagnini, secretary of the papal nunciature at Paris.

Prosecutions have been begun against the Ultramontane Abbes of the churches of St. Pierre Du Gros Caillon, St. Anguissand and St. Roche where the greatest resistance to the taking of the inventories occurred, and it has been decided to immediately take over the buildings belonging to the ecclesiastics, stop the pension of the clergy, compel aspirants to the priesthood to fulfill their military obligations, and if necessary, treat the clergy as subjects of a foreign power. This constitutes a sufficient demonstration of the spirit with which the government intends to meet resistance. The reception of Premier Clemenceau's speech in the chamber of deputies last night also shows that he has the parliament at his back. Nevertheless M. Clemenceau was careful to say that there was still time for Catholics to conform to the law. That the rank and file of the liberal Catholics disapprove of the intransigent attitude of the authorities at Rome is evidenced by the fact that the editor of the Renaissance, Felix Robin, has of his own initiative filed with Prefect of Police Lapiere an application under the public meeting law of 1881, for permission to hold religious meetings in all the churches. This affords the single ray of hope in the situation. The Figaro today, says that Cardinal Richard, archbishop of Paris, at first declined to approve of M. Robin's action but he later changed his mind.

This application, if accepted, no matter whether it is approved or not by the clergy, will legalize the holding of religious services and render unnecessary any proceedings against Paris priests or vicars tomorrow.

It turns out that the papers seized at the papal nunciature placed in the government's hands, important evidence which may prove exceedingly embarrassing to the vatican if open war is to take place. They include, besides all the diplomatic records covering the correspondence exchanged before the rupture with the vatican, recent instructions from Cardinal Merry Del Val, the papal secretary of state, a mass of letters from prelates all over the world and letters in the handwriting of deputies of the right party. M. Jaures the socialist leader, asserts in his paper that the seized documents even prove the existence of a conspiracy.

Cardinal Richard has accepted the temporary hospitality of M. Denais Cochon, a conservative member of the chamber of deputies from one of the Paris districts.

The Catholic seminaries at Bordeaux, Mende and Saint Brieux were evacuated today.

"AN ODDIOUS ACT."

On the Part of the French Government, So Says Power of Rome.

Rome, Dec. 12.—The vatican authorities characterize the action of the French government in having Mgr. Montagnini the expelled secretary of the papal at Paris accompanied to the frontier by police as being an "odious act showing a desire to inflict humiliation on those who, because of their weakness, cannot retaliate."

It is much regretted in vatican circles that contrary to the propositions of some of the cardinals, Mgr. Della Chiesa, the assistant papal secretary of state was not sent to Paris after

the rupture of diplomatic relations between the vatican and France as in view of his francophile attitude under the late Pope Leo he was the only person capable of reaching an understanding with the French government. It is believed even now that notwithstanding the gravity of the situation France would not find it difficult to conciliate the vatican if negotiations on the subject were opened. In the meanwhile all the vatican forces have been mobilized to take part in the campaign. Even Father Wernz, the general of the Jesuits, has joined the belligerents. The latest instructions sent to the French clergy are in substance that they are to look upon the situation from its worst possible aspect and organize private religious services.

PERMISSION GRANTED.

The prefect of police during the afternoon announced that the government had accepted the application of M. Martinet, editor of the Renaissance, and Felix Robin, for permission, under the public meetings law of 1881 to hold religious meetings in all the churches as being in compliance with the law. In other words the step taken provides for the legalization of Catholic services in the churches of Paris tomorrow.

MOTHER'S LOYALTY HELP TO GILLETTE.

By Associated Press.
Herkimer, N. Y., Dec. 12.—His mother's plea for time to talk with her boy has saved Chester E. Gillette, the convicted murderer of Grace Brown, from at least one day in the death house at Auburn prison. It had been planned to remove Gillette from the county jail here yesterday but the sheriff finally consented to postpone the transfer until today or later. The exact time at which Gillette will be taken to the Auburn prison will not be disclosed, as the officers wish to avoid the crowds which they fear would collect at points along the route if the time of departure from Herkimer were known in advance.

ORDERS TO SANTA CLAUS.

By Associated Press.
Washington, Dec. 12.—Christmas boxes and parcels for the enlisted men of the navy serving in Cuban waters will be delivered without cost if they are addressed in charge of the department quartermaster, Newport News, Virginia. All such packages should be distinctly addressed and plainly marked "Christmas Package." Similar arrangements were recently made for the Philippine service.

EMPEROR WILLIAM WIELDS BIG STICK.

By Associated Press.
Berlin, Dec. 12.—Emperor William has authorized Chancellor Von Buelow to dissolve the Reichstag and order new elections if the supplementary appropriations asked for by the government are not granted by the house.

The question of the Reichstag appropriating enough money to keep the present army in German southwest Africa in the field, is according to the conviction of the government, equivalent to the question of whether the colony will be given up or retained.

ALLEN COUNTY BOY Finds a Bride in the Oil Fields of Canada.

The Leamington (Canada) Post has the following concerning a well known Allen county boy:

Mr. Dell Mullin, of Lima, Ohio, will be united in marriage to Miss Jennie Quick, of Leamington, Ont., on Jan. 1, 1907. Mr. Mullin was for years an employee of the Jarecki Manufacturing Co. of Lima, Ohio, and had charge of the Beaverdam store until it was disbanded, and on account of the quietness of the field in Lima, he left for the Canadian fields where he and his father, A. Mullin, are engaged in manufacturing tanks and pulling pipe.

Mr. Mullin has a host of friends in Lima, who will wish him and his young bride a long life of happiness together.

Miss Quick is a daughter of Mr. Isaac Quick who lives four miles east of Leamington on the Lake road, and is a popular and accomplished young lady. Mr. Mullin will visit his parents at Lima and from there expects to visit Oil City and other points in Pennsylvania, and return to Meritt where he is preparing a cosy home.—Meritt Mirror.

BOSTON VOTES FOR SPARKLING WINE.

By Associated Press.
Boston, Mass., Dec. 12.—The vote in Boston yesterday on the liquor question was:

Yes, 43,280; No, 18,540; majority for license 24,740.

Last year's vote: Yes, 55,045; No, 26,432; majority for license 28,613.

Twelve o'clock law: Yes, 39,417; No, 21,293; majority for new law 18,124.

MEETING IN CHICAGO

President Comisky Given One Hundred Dollars to Buy Pennant.

Shorter Playing and Longer Championship Season to be Discussed.

By Associated Press.

Chicago, Dec. 12.—The owners of the clubs in the American Base Ball League will, late today, at the Auditorium begin their annual meeting. Earlier in the day the directors of the league met at the office of President Johnson where the championship pennant for the season of 1906 was awarded to the Chicago team and \$100 was awarded to President Comisky for the purpose of purchasing a pennant emblematic of the championship.

It is expected that the greater part of the work of the meeting will be accomplished today as there are no perplexing question pending. One subject that will be taken up will be the shortening of the playing schedule and series at the end of the regular season.

Interest in the meeting entered in purchases of players. The most important of these is the disposition to be made of Stahl, former manager of the Washington club.

Nearly every club in the league is willing to take him, but Boston and Detroit are apparently most anxious to secure him.

Another trade of importance is that involving James Collins, late manager of the Boston team.

A successor to Charles W. Somers, vice president of the league is to be elected, as well as a new board of directors.

SLEUTH GONE

Detective Heinizman Has Disappeared.

Prosecuting Officer in Gilman Murder Case Cannot be Located

IF HE DOESN'T RETURN

There Will be No One to Make Charges Against Gilman Family.

Chief of Police of Dayton, Thinks His Men Will be Successful.

By Associated Press.

Dayton, O., Dec. 12.—Over night developments in the Gilman case took a new turn. Detective Heinizman, of Cincinnati, who filed the charges against Mrs. Gilman, Fayne and Collins, cannot be found, and it is said by the attorneys interested that he has returned to Cincinnati. Whether he will return Friday is a question. The hearing of the Gilmans will occur Friday morning in the court of Magistrate Wagner and not in the court of Magistrate Converse, where Heinizman secured his affidavits. If he does not return there will be no one to make charges against those named in the warrants.

Chief of Police Whitaker said last night:

"Yes, the police department is working but making no noise about it. We are looking for certain things which we think will establish guilt. I am sorry I did not know of that second autopsy at Germantown or I would have had the police surgeon there."

He takes absolutely no stock in the Curtis phase of the case.

LOST HIS CASH

Borrowed It Back and Now Kicks.

Two Juries at Work in the Common Pleas Court Today.

THE RUSH AT CAPITOL

Divorce Granted to Bride of But Nineteen Days Married.

Elida Boy Will be Given a Hearing as an Incorrigible.

One night W. A. Miller, an oil man making this city his headquarters and quite generally known, lost something like \$335 at an alleged gambling game conducted, it is alleged, by one James A. Guncheon, over what was then known as The Oak.

Miller failed to beat the other man's game, and after he had lost his cash he remembered he owed certain debts to employees which must be paid. He made a rush for Mr. Guncheon, explained his position, told of his losses and asked for the loan on his personal note of \$200, with which to meet pressing claims. Guncheon told him to fix up a note and he would stake him. Miller did, came back, turned in his collateral and got \$200.

To day before Judge Armstrong, Guncheon is suing to recover judgment on this promissory note, Miller making the defense that he in reality only borrowed his own money, and that Guncheon loaned him a portion of the same cash which he had played over the table. As it was a gambling debt, Miller thinks he should not be forced to pay on his personal note.

The evidence was short, and arguments were finished immediately after dinner, the jury now having the case for consideration.

HONEYMOON AND A WEEK

Was the Married Life of the Woman Divorced Today.

Married but nineteen days, when the husband "skidded." That was the story on the witness stand told by Eva G. Stetler in her suit for divorce from her missing husband, Floyd S. Stetler today. Plaintiff stated she was wed on August 2, 1905 and that her husband deserted her on August 21st of the same month and she has not since seen him. She was granted a decree on the grounds of gross neglect of duty, the missing husband never having contributed to her support.

Case Continued.

The case of Rosa Fenner vs. Eliza Davidson, originally set for December 17th, was postponed this morning until December 24th, the Young criminal case having been assigned for the 17th.

Is Now in the Toils.

Sheriff Baxter secured the arrest of

Elida Boyles, arrested by a recent party for a number of weeks and months. Elida was apprehended in a rooming house, having once before been arrested. His parents came down this afternoon and are endeavoring to arrange bond for his release. The deserted wife and babe reside in Marion, this county.

As an Incorrigible.
Deputy Sheriff Baxter has arrested eleven-year-old Fred Rupert, an Elida boy on complaint of his school teacher, Bert Haskins, who charges the boy with being an incorrigible, truant and really deserving of a state home. The hearing is set for tomorrow in Judge Hutchinson's juvenile court.

Verdict for Plaintiff.

In Justice Dempster's court the jury in the case of John C. Maxwell vs. Horace Lewis, returned a verdict for the plaintiff in the sum of \$25.44, with interest from March 1, 1904.

THE BAND DANCE

Well Patronized and Was an Enjoyable Event.

The first of the series of dances to be given during the winter season by the Merchants Band was given in the armory last night and was well patronized. The music was furnished by the band under the directorship of Leader Tony Zanders and was most excellent. The tempo was well suited to the dancers and the evening was greatly enjoyed by all who attended the opening event. The next dance is to be given on Tuesday evening of next week. The fund created by the dance events is to be used in purchasing new equipment for the band.

How Diphtheria is Contracted.
One often hears the expression, "My child caught a severe cold which developed into diphtheria," when the truth was that the cold had simply left the little one particularly susceptible to the wandering diphtheria germ. BABY'S WILD WAILS

Through the Long Night When Papa Needs Much Sound Sleep.

IS EASILY STOPPED

Most of the Trouble Comes From Insufficient Nourishment.

The normal child is a slumberous animal by nature's design. If he does not sleep soundly the whole night through for eight or ten hours, he is not well and should be examined to determine the cause.

A wakeful and night crying baby is, nine times out of ten, a badly fed baby. His wakefulness and crying are the calls for relief of a poorly digesting stomach and bowels. The food is given too often or in too great a quantity, or it is of poor quality; and this may be the case when the baby is "nourished in the natural way as when it is fed from a bottle."

In older children disturbed rest may be due to a variety of causes. Insomnia is very rare in children, but starting in the sleep, screaming and crying with terror is not uncommon. A child who suffers from these night terrors is not well.

It is sometimes very difficult to determine the cause, but there is always a cause, and it should be patiently hunted for until found. The search should not be limited to the child, for the fault may be that the bedclothes are too heavy, or not warm enough, or the room may be "stuffy," or sometimes it is simply too dark.

The child wakes for a second, while turning over, perhaps, and finding himself surrounded by Egyptian darkness, is filled with terror and shrieks.

Indigestion may be a cause of disturbed sleep in the child as well as in the adult, and it should be remembered that this indigestion may reside in the intestines, while the stomach performs its functions with faithfulness and regularity.

One of the first signs of disease of the spine, the hip or some other joint is a night cry, and the possibility of some beginning trouble in the back or hip should be borne in mind.

The presence of "adenoids" interfering with a proper supply of air to the lungs may be a disturber of sleep, and so may be latent ear disease, the night ache of a decayed tooth or even stone in the bladder.

Sometimes night terrors are a purely nervous affection, like epilepsy, and sometimes they persist, like a bad habit, after the existing cause has been removed or has disappeared of itself. The child who cries out in the night should not be shaken and scolded, for if the cause is nervousness this will only make the trouble worse, and if there is any physical cause for the trouble it should be sought for and remedied.

THE STAGE.

A play that has pleased the people and drawn packed houses for ten years must have some merit. "Nobody's Claim" holds the record for business in more theatres than any other melo-drama ever written. The cast is in every way complete and the sensational, mechanical surprises surpass anything ever attempted in this line. "Nobody's Claim" will be at the Faurot Opera House on Friday night.

CHINA DINNER SETS.

We have an extra nice line of pretty dinner sets costing from \$25.00 to \$75.00. Just the thing for your wife for Christmas. **HARMAN'S.**

SOUTH LIMA ITEMS

They Debated.
Last evening Court Lima Foresters
held one of the most enjoyable ses-
sions of the season, and after inter-
esting four candidates with the mys-
teries of the order, an old time debate
was enjoyed. The subject, "Resolved,
That Art is Greater than Nature," was
handled by Frank Houtzler and T. M.
Harper for the affirmative, and L. S.
Gilmoro and Mr. Wheeler for the neg-
ative. The judges were E. E.
Walker, K. P. Cleveland and J. C.
Reid, and after listening to a heated,
humorous and lengthy debate finally
decided that nature was the greatest.

Brief Mention.
Carl Tidd, of Atlantic avenue, has
been named as a conductor for the Lima
Electric railway, and taken a position
as solicitor with the Metropolitan Life
Insurance company.

LOCAL OPTION BILL

Soon to be Enacted Giving
Counties Certain
Privileges,

ACCORDING TO AIKEN.

Author of Famous Liquor
Bill Says He is Quite
Satisfied.

Representative Dow Aiken, of Logan
county, whose famous \$1,000 liquor
tax bill costs the saloonkeepers and
liquor dealers of Lucas county three-
fourths of a million dollars annually,
was in Toledo today. Attorney Aiken
represents a client interested in a
bankruptcy proceeding pending in fed-
eral court.

"I shall not make a fight to further
increase the liquor tax, as has been re-
ported, at the session of the general as-
sembly next winter," said Mr Aiken.
"I am satisfied that the tax should re-
main at \$1,000 for present, and that it
should neither be increased nor re-
duced. I believe, however, that next
winter we shall enact a county option
bill. I have talked with many of the
members of the legislature on this sub-
ject and there seems to be little if any
opposition to the proposition of county
option on the liquor question. Such a
bill ought to be passed, but I shall not
introduce it. I have had enough of the
fight on the temperance bills for a
while."

In the Boody House lobby this morn-
ing Representative Aiken and Sena-
tor Lamb met and recounted the sur-
prising scenes that attended the passage
of the Aiken bill when it was finally
passed by a vote in the senate. Senator
Lamb asserts that it was owing to his
efforts that Senator Williams, of
Cuyahoga county, democratic floor
leader, and Senator Beatty, of Wood
county, finally voted for the bill, thus
passing it by a bare majority of the
members. Senator Williams and
Beatty were both opposed until almost
the last moment, to making the tax
as high as \$1,000. But since it has
been placed at that figure by the gen-
eral assembly, Representative Aiken
says he believes that the counts will
not declare the law invalid on the
ground that it was never presented to
Governor Patterson.

Notwithstanding the recent testi-
mony of the late governor's daughter,
Miss Ardena Patterson in the superior
court of Cincinnati, that no bills en-
acted later than March 20, last spring,
were formally presented to her father
in approval or veto, Mr Aiken says
that Governor Patterson was informed
of the passage of the bill; that he re-
marked twice in the presence of wit-
nesses that he was pleased with the
action of the assembly, and that, as
the bill was filed in the governor's of-
fice after its passage it became law
ten days thereafter because it was not
vetoed.

NEWS NOTES IN SUBURBAN LIMA.

Alex. Bourquin, an invalid for years,
died at St. Mary's Monday aged 75
years. He was a member of the 94th
regiment O. V. I. Funeral today.

Manager Gug Blessinger of the Find-
lay polo team arrived here Thursday
from Springfield, Ohio, where Wednes-
day a fruitless effort was made to re-
vive the polo league, recently defunct.
Mr Blessinger says that plans are be-
ing discussed for the formation of an
amateur league including the cities of
Findlay, Kenton, Bellefontaine, Spring-
field Lima and Marion. A meeting
has been called for this city on next
Monday for organization—Bellefontaine
Index.

Dr. Burke Johnson, of Kenton, is
critically ill from a nervous collapse.
George Krenning well known resi-
dent of Ft. Recovery is dying. He is
one of the foremost business men
there. His daughter, Mrs. Alice Moore
of Cold water, is also so near death that
she cannot be informed of her father's
illness.

Took Poison by Mistake.
Defiance, O., Dec 12—Alexander
Bruner, a veteran stove manufacturer
of this city, narrowly escaped death
by accidentally taking strychnine in-
stead of quinine. Mr Bruner owns
stave mills at Tiffin and Napoleon,
and while at Napoleon at the Well-
ington hotel last week, he was taken ill
for relief he took what he thought was
quinine, but it proved to be strychnine.
One entire day he was in convulsions.
He is now improving rapidly.

Slippery Bailly Caught.
Bucyrus, Dec 12—Landon Bailly was
landed in jail here yesterday, after an
exciting chase. Bailly was wanted for
larceny and pocket-picking. A week
ago he borrowed a horse of one man a
wagon of another and a load of scrap
iron from a third. He sold the scrap
to a junk dealer and fled. He was on
a visit to a relative at Kenton to which
place the police traced him. An offi-
cer went to the house to arrest him,
but Bailly jumped from a rear window
and was arrested only after a hot
chase.

Wauson Man Freed.
Columbus, O., Dec 12—Governor
Harris today commuted the five-year
sentence of F. H. Howe, of Fulton coun-
ty, to eighteen months. He was sent
up in April, 1935, for burglary, having
entered a barn and stolen a whip and
robe, when drunk. The liquor condi-
tion is imposed.

Blames the Railroad.
Maysville, Dec 12—Robert Finley,
postmaster at Potosi, whose store was
burned September 13, has filed suit
against the Erie railroad company to
recover its value, \$1,970, claiming that
a train from a passing locomotive
caused the damage.

Mrs. Sarah Walter, a surviving pro-
prietor of St. Mary's, is dead at the age
of 79 years.

HADN'T THE CAPACITY.

The baby of a Maryland family had been through a series of chicken-pox. The infant's sister, a girl of ten years, being met by the minister's wife one day, that good woman naturally inquired as to how the baby was getting on.
"He's some better, thank you," said the little girl, a shy and non-committal child.
"Very much better, I trust," said the minister's wife.
"Oh, he couldn't be very much better," responded the child, "because, you see, he's too little."—Harper's Weekly.

WEATHER FORECAST.

By Associated Press.
Washington, Dec. 12.—For Ohio:
Fair and warmer to-night; Thursday
partly cloudy, snow or rain and colder
in north portion.

Gov. Harris is in favor of an income
tax in Ohio. It's the disposition of the
republican party, you know, to pile up
the taxes. The governor is not thor-
oughly convinced that an income tax
would not conflict with the state con-
stitution, but is not in favor of post-
poning tax reform. He also favors a
slight tax on inheritances and thinks
that the unpopular features of the in-
heritance tax, which was repealed,
can be eliminated.

PARTISAN REPORTS.

American Consul Halstead at Bir-
mingham, England, in his official reports
to the department of state seems very
anxious to prove that British manufac-
turers show a general tendency to
combine to keep up prices, but he does
not say a word about the breakdown
of the proposed soap trust, in conse-
quence of the evident determination
of the British people not to submit to
such trade combinations in any form.
There being no tariff protection in
England to foster trusts an effective
combine to increase prices is almost
impossible, but such facts are never
discovered by these republican par-
tisan consuls, which shows the stand-
point of the present administration.

TAINTED MONEY.

The story is circulated in Washing-
ton that President Roosevelt demanded
sometime ago that Mr. Cortelyou,
chairman of the republican national
committee, and Mr. Bliss, the treas-
urer of the committee, arrange to re-
pay from the funds on hand \$148,000
received from the Life Insurance com-
panies for the campaign fund of 1904.
These officials are reported to have ob-
stinately refused to make restitution
of the tainted money although there
was over \$400,000 balance in the bank
to the credit of the committee. If the
president feels so strongly that this
tainted money, which rightfully be-
longed to the widows and orphans of
the policyholders, should be returned,
it would seem that he is in a position
to cause restitution to be made by de-
manding that Mr. Cortelyou return the
contributions. In case of refusal he
can call for the resignation of Mr.
Cortelyou as postmaster general and
as chairman of the republican national
committee, which would bring the mat-
ter to a climax. As nearly two years
have elapsed without restitution being
made of these large amounts of money,
the republican politicians involved,
it is difficult to believe that there is
any real intention of making restitu-
tion.

BLACKBURN'S BOOST FOR BRYAN.

Senator Joseph Blackburn, of Ken-
tucky, is for Bryan for president, and
in a recent interview states that
Bryan is not only the best man avail-
able for the Democrats, but if nomi-
nated he would win.

"Theodore Roosevelt was eliminated
as a presidential possibility by the ver-
dict rendered by the New York voters
when the entire democratic ticket, ex-
cept Hearst, was elected," said the
senator; "but it matters not whom
the republicans nominate in 1908, the
party must give one horn of a serious
dilemma. If they name a man of the
Roosevelt caliber and ilk, there will be
a division in the ranks, and if they
choose a reactionary, discontent will
be a threatening factor."

As the republican national conven-
tion will resolve itself into a contest
for control as between the radicals of
the Roosevelt type and the conserva-
tive followers of such men as Fair-
banks, Shaw and Root, it will not only
be interesting to know what "horn of
the dilemma" the convention will take,
but what "horn" will be grasped by
the rank and file of the party after
the nomination has been made.

"Roosevelt republicans" will surely be
in a quandary in event of the nomina-
tion of a Fairbanks, a Shaw or a Root,
while on the other hand, the conserva-
tives will sweat drops of blood if called
upon to support a candidate with
trust-busting proclivities.

But when the fact is considered that
Roosevelt and his cohorts have surren-
dered to the standpaters and will not
countenance tariff revision until 1909
—after the presidential election—the
program of the so-called radicals re-
solves itself into a bid for conserva-
tive support—a surrender to the inter-
ests in behalf of party unity. Whether
this program proves successful or
otherwise, it will not be a difficult mat-
ter to properly "locate" the republican
party. In event of the nomination of
a conservative, the party may easily
be classed as the party of the trusts;
in event of the nomination of a so-
called radical, the party will still be
the party of the trusts by reason of
the radicals' surrender. Thus with
Bryan as the leader of the democracy
the fight will be one of the people
against predatory wealth, all repre-
sentations of the republican plat-
form and the republican presidential
nominee to the contrary notwithstanding.—Columbus Press.

GREAT COMET DUE IN 1910.

The most famous of all comets,
though not the largest and most bril-
liant, will again be visible in 1910.
This is Halley's comet, so-called from
its identification by the great as-
tronomer who was the friend of Sir
Isaac Newton.

Halley's investigations of astron-
omical records led him to assert that
the comet which he had observed in
1682 had appeared in 1531 and
1607, and to predict its re-appearance
in 1758. The fulfillment of his
prophecy excited the most intense
scientific interest and established be-
yond doubt the periodicity of comets
and their movement in orbits deter-
mined by the law of gravitation.

Its last appearance was in 1835,
its period varying between seventy-
five and seventy-six years on account
of the perturbing attractions of
Jupiter and Saturn in certain parts
of its orbit. It was by that time pos-
sible to calculate its movements with
so much greater accuracy than be-
fore that it made its perihelion pas-
sage within four days of the pre-
dicted date. It was not then a very
grand object to the naked eye, but
the light of its nucleus surpassed that
of second-magnitude stars and was
comparable with that of some red-
dish stars of the first magnitude,
such as Aldebaran and Antares. Its
tail, while the comet was approach-
ing the sun, attained to a length of
twenty degrees.

FREE BAGGAGE

To Be Carried on the Western Ohio
Railway.

Effective Thursday, December 20th,
the Western Ohio Railway company
will check 150 pounds of personal bag-
gage free with each one way ticket
amounting to 25 cents or over, or on
mileage pulled for that amount, with
a minimum charge of 25 cents. Ex-
cess baggage will be charged for at
the regular steam road rate.

This new arrangement will be a
great accommodation to persons who
travel as it will make the trolley
riding no more expensive than steam
road, with the additional accommo-
dation of the hourly service.

Passengers going to Columbus from
Western Ohio points can have their
trunks delivered at the T. & O. C.
depot at Wapakoneta upon request,
without any transfer charges.

S GOODS, DRY GOODS AND CLOAK HOUSE.

just as the crash came he rolled out
of the cab window. The fireman was
less fortunate. It is believed that he
either jumped or was in the act of
jumping when the crash occurred as
his body was found under the debris
at the left side of the engine. His
remains were not badly mutilated but
the pelvic bone and left leg were ter-
ribly crushed. Death is supposed to
have occurred instantly.

The engine ploughed its way entire-
ly through the caboose, the cupola of
that car being the only portion that
was found to be intact when scenes of
the disaster was visited. The engine
was headed due north when it struck
the rear end of the freight train but
when it stopped, it was headed to the
west with its front end resting down
upon a passing track and its rear driv-
ers and firebox standing high up in
the air on the debris that had stack-
ed up under it in the crash. Near
and on the north side of the drivers,
where he was pinned across a rail un-
der heavy timbers of the demolished ca-
boose, brakeman Morton was found.
The body of Conductor Kohli was
found under the caboose stove. He
was pinned to the ground and terribly
crushed, a portion of the ponderous
weight of the engine being on the
stove and other wreckage which held
his body down. The position of his
body was not discovered until 11
o'clock last night and the body was
not released from the wreck until 1
o'clock this morning.

Fire Department Called Out.
While the railroad men who were
engaged in the work of rescue, some of
the debris became ignited from the
coals of fire from the engine's fire box
and for a time it appeared that the
imprisoned brakeman was in danger
of being burned to death. At 7 50
o'clock the fire department was called
out, the northside department and the
adder truck crew from the central
station responding to a call from box
14, at Main street and O'Connor ave-
nue. The wreck was a long distance
from the nearest hydrant, at Robb ave-
nue and Main street, the crash hav-
ing occurred at a point about four hun-
dred feet north of the Western Ohio
C. H. & D. overhead trestle. One
thousand feet of hose was laid and the
firemen, by the use of buckets, assist-
ed the trainmen in heading off the
flames.

Two Ambulances Were Called.
Burke's ambulance and the Williams
and Davis ambulance were called to
the scene of the accident and each id-
led in the work of removing the dead
and injured from the scene of the ac-
cident. All of the injured except bag-
gagemaster Benz were taken to the
hospital. The traveling man, Mr.
Lowell, of Burlington, Vt. who was
injured about the stomach, was dis-
missed from the hospital this morning
and Engineer Long and brakeman
Feeman and Morton will be able to
leave that institution by this evening
or tomorrow morning.

Removal of the Dead.
The body of Fireman Nixon was
taken in charge by undertakers Wil-
hams and Davis and was brought to
the city about 8 30 o'clock. The par-
ents, residing at 136 Jersey street,
Dayton, were notified and the remains
were taken to Dayton on C. H. & D.
train No 1 this morning. The dead
fireman was a young man both in
years, being aged about 25 and in the
service of the road. He was recently
examined for service by the company's
local surgeon, Dr. Chenoweth.

Burke's ambulance returned to the
scene of the accident, after removing
two of the injured to the hospital, and
remained there until the body of the
unfortunate freight conductor had
been removed from the wreck. Until
11 o'clock, when a brother of Conduc-
tor Kohli and another railroad man
found the dead man's hand protruding
from the debris and shelled corn from
a disabled box car, it was not known as
a certainty that Conductor Kohli had
been killed or was in the wreck. Many
persons remained at the scene, how-
ever, until the body was found and
others remained until after 1 o'clock
this morning when the badly crushed
remains were taken beneath the wreck-
ed engine.

THE PROMPT EFFORT
Of Engineer Long Prevented the
Wreck From Being Worse
Than It Was.
The prompt action of Engineer Long,
in applying emergency brakes when
the engine headed into open switch
probably prevented the wreck from be-
ing even more complete than it was
and went for toward saving the pas-
senger train from the full force of the
terrible impact. The engine had only
a few car lengths to go after leaving
the main track and as the train was
running at a high rate of speed on ac-
count of being late, the space of time
in which the engineer had to act was
extremely short. He set the air, how-
ever, and yelled to the fireman and

the passenger train was stove in and
had to be taken out of the train.

Traffic was only slightly delayed as
a result of the accident because of the
fact that the wreck occurred at a point
where there are several tracks and
all were not blockaded by the wreck-
age. Train No 8 was made up again
after the wreck and left here between
two and three hours late to continue
the run to Toledo.

deating with Al-Ak-

man, the welterweight champion wrest-
ler of the world, and Ed Carlson, the
155-pound champion of the northwest,
who will put on the headliner of the
show, Barton announced that the
event would take place on Thursday
night, Dec. 20. Akerman, who has
been meeting all comers at a Cleveland
theatre the past week, has also been
training for the bout in this city, and
Carlson has been doing his heavy work
at Chicago. Both agreed to the date
being changed to Dec. 20.

Work of arousing interest in the
show will be started today by Barton
and his assistants, who expect to wide-
ly advertise the match in all the gas-
bet cities as well as other towns
where such sporting events are good
drawing cards. Barton says that large
delegations of sportsmen will come
from Lima, O., where Akerman lives,
Union City, Terre Haute and Indi-
anapolis. Owing to the fact that Ak-
erman will go dangerously out of his
class to meet Carlson, the bout is at-
tracting widespread attention.

Along with the wrestling match,
is hoped to be one of the best ever
pulled off in the state, two interesting
sparring matches between fast young-
sters will be arranged. Barton is now
in correspondence with a number of
boxers and says he intends getting the
best. He expects to complete a deal
today for one bout, and one of the
fighters will doubtless be the prom-
ising welterweight, "Greek Jimmie"
Ryan, who is now at Terre Haute. Both
Ray Bronson and Freddie Cole, two of
Indiana's fastest youngsters, are being
considered and they may be made an
offer today. Bronson has promoted a
number of fights at Terre Haute and
has a reputation for keeping them
within the bounds of the law.

Akerman and Carlson will meet for
a purse of \$200 and the Lima cham-

man anticipates it will be one of the
hardest matches he has had in the last
two years. The champion will take on
as much weight as possible in order to
compete with Carlson, who is almost
15 pounds heavier. Both wrestlers
may decide to come to Muncie about
the first of next week.

STANDS FOR HARRIS

If He Wants to be Governor
But is Like Barkus
for Himself.

Washington, D. C., Dec. 12.—Former
Lieutenant Governor Warren G. Har-
ding, of Ohio, is in Washington, on a
visit. When he was asked whether
Ohio would have a candidate for the
presidency in 1908, he said he be-
lieved the state would endorse Senator
Foraker for the head of the republican
national ticket. The name of Sec-
retary of War Taft being suggested to
him, he said he was willing to accept
that official's word that he would not
be a candidate, and therefore the sen-
ator should have no trouble
getting the endorsement. Mr. Harding
virtually announced that he would
not be a candidate for governor in
1908 in the event Governor Harris was
a candidate. He said that if the gov-
ernor wanted the nomination he most
assuredly would get it.

The former lieutenant governor
dropped in at the treasury department
to urge that a certain site for the new
postoffice at Marion, his home, be se-
lected, but he ascertained when he
called on Assistant Secretary Edwards
that the location he favored had al-
ready been chosen.

"DANDROCIDE"

Dandruff is a scalp disease. "Dandro-
cide" is its cure. "Dandrocide" is
a scalp food, and in ridding the dandruff, gives
the hair cells natural life and healthy hair growth.
Most hair tonics gloss the hair, but leaves the
damaging dandruff.

"Dandrocide" removes the dandruff,
thereby removing the evil. "Dandro-
cide" grows a beautiful supply of long and
silky hair—a luxuriant growth of hair will come
with the use of "Dandrocide."

Carl Shirk, a rig builder residing at
Gibsonburg, had a miraculous escape
from death in a peculiar accident, at
Carey, in Wyandot county. Shirk with
several others was engaged in the
erection of a rig in the Wyandot coun-
ty oil field when the big wind storm
came up. The men noticed that the
wind was playing havoc with the derrick
about 50 feet from the ground. Shirk
ascended the derrick to adjust
the guy rope and strengthen the frame
work. While doing this a strong gust
of wind came along and took Shirk and
the derrick top both along with it.

Shirk who was some 50 feet from the
ground at the time, was carried about
100 feet from the derrick and thrown
violently to the earth. His fellow
workmen rushed to his assistance and
expected to pick him up dead or with
every bone broken. Much to their
happy surprise, however, Shirk escap-
ed with only a few bruises. His body
was a little sore but he was able to re-
turn to his home at Gibsonburg,
where he will recover from the effects
of his thrilling trip through the air.
